1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. John T. Mockler on February 8, 2006.

The application has been amended as follows:

In the claim:

Claim 49, line 1, claim dependency has been changed from "claim 45" to -- claim 48 --.

2. The following is an examiner's statement of reasons for allowance:

The subject matter of the claims is allowable over the prior art of record because all prior arts fail to teach or suggest a method or an apparatus for operating a CDMA wireless network comprising a plurality of base stations capable of communicating with a plurality of mobile stations located in a coverage area of the CDMA wireless network, by receiving in a first base station at least one of voice traffic and data traffic transmitted by a selected one of the plurality of mobile stations; performing in the first base station a radio link protocol function related to wireless communication links between the first base station and the selected mobile station; and performing in a mobile switching station of the CDMA wireless network a radio independent function related to transmission of wireline data comprising at least one of voice traffic and data traffic between the CDMA wireless network and a wired network coupled to the CDMA wireless network, wherein the radio independent function comprises at least one of converting a bit rate of voice traffic, converting a bit rate of circuit data, and processing data traffic.
